# FALL STAAR EOC Exam Retest

The first week in December, you will be taking any STAAR EOC Exams that you have not previously passed in other attempts. You are required to pass /earn credit for all 5 End of Course STAAR Exams in order to be eligible for graduation.

However, if you pass/earn credit for at least 3 of your STAAR EOCs you are eligible to complete projects as a substitute for your remaining exams.

Your workload for the remainder of the year will be greatly affected by your performance on the December EOCs depending on your achievement. This simulator will help you see how the Fall EOCs can impact your Senior year and path to graduation. Click below to take your Fall EOCs.
