You worked so hard for this. Now your family and friends get to watch you walk across the stage at the Honey Bowl to receive your high school diploma.

# YOUR IGC WILL MEET

The week of graduation, if you have completed your EOC projects and they have been accepted, you will meet with an **Individual Graduation Committee** and present what you have learned to them. This committee will vote to determine if your project and presentation demonstrates that you understand the content of the course the EOC Exam represents.
